

EUROMOOT'S PRAYER

Very good Father, Source of Life, you love each one of your children and know them all by their names, open our hearts to the extraordinary brotherhood in which you have set us to serve one another. May our movement and the Euromoot project we are preparing be a peaceful and radiant sign of this brotherhood to the world.

Lord Jesus, Prince of Peace, you call each one of us to come and follow you to see where you dwell, so that we may live in your presence. Give us the grace of leaving our comfort and our certainties, open the treasures of your heart to us, and kindle your fire in us for a patient and trustful charity all along the preparation of the Euromoot project.

Holy Spirit, Father of the poor, deprive us from all that could divide or prevent us from following Christ in our work. You are strength and mildness, you gather all men in the joy of communion, be the bond of our unity, the driving force of our labour, and make it fruitful for the glory of God.

Our Lady, crowned with stars, pray for us and guide us!

Amen
